

FUND ACCOUNTING

The financial operations of the Town are organized into funds and account groups, each of which is a separate fiscal and accounting entity. Fund accounting is used to ensure and demonstrate compliance with finance-related legal requirements. All of the funds can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

1. GOVERNMENTAL FUNDS - most Town functions are financed through what are called governmental funds. There are three types of governmental funds maintained by the Town: the General Fund, Special Revenue Funds, and the Capital Projects Fund.

A. General Fund - this is the major operating fund of the Town and it accounts for the vast majority of Town operations. The General Fund is supported by revenues from real estate and personnel property taxes, state and federal aid, excise taxes, investment income, fines and forfeitures, and fees, fines and charges. Most of the Town's departments, including the Schools, are supported in whole or in part by the General Fund.

B. Special Revenue Funds - these are used to account for those types of revenues that are legally restricted to being spent for a specific purpose (except for expendable trusts or major capital projects). These revenues must be accounted for separately from the General Fund for a variety of reasons. The Town's Special Revenue Funds are grouped into five categories:

1. *Revolving Funds* - these allow the Town to raise revenues from a specific service and use those revenues to support the service. Revolving Funds are established by state statute and may require reauthorization each year at Town Meeting. There are four revolving funds on the Town side that require annual reauthorization: the Recreation Revolving Fund, the Sidewalk Betterment Fund, the Facade Improvement Loan Fund, and the Rental of Town Property Fund. Examples of revolving funds on the School side include the School Lunch Fund, the School Athletics Fund, and the Summer School Fund.

2. *Receipts Reserved for Appropriation* - these are restricted to a specific use but also require appropriation by Town Meeting such as Parking Meter Receipts and the Sale of Town-owned real estate.

3. *School Grants* - these are state and federal grants for School programs including smoking cessation, drug free school programs, community partnership, education technology, health services, Title I, and special education.

4. *Other Intergovernmental Funds* - these are state and federal grants for Town programs, such as community policing, Chapter 90 (road repairs), state elections, Council on Aging programs, and library aid.

5. *Other Special Revenue Funds* - these account for miscellaneous special revenues often including private donations for a specific purpose, such as gifts for Police and Fire equipment, numerous Health Department sponsored programs, and Senior Center programs.

C. Capital Projects Fund - this is used to account for monies used for the acquisition or construction of major capital facilities. It is funded primarily by the receipts of bond proceeds resulting from the Town's issuance of bonds for a specific project. Other funding sources include private donations and grants.

2. PROPRIETARY FUNDS - these are used to account for a government's business-type activities. There are two types of proprietary funds - enterprise funds and internal service funds. Both fund types use the same generally accepted accounting principles (GAAP) as similar to businesses in the private sector. Both enterprise and internal service funds recover the full cost of providing services (including capital costs) through fees and charges on those who use their services.

A. Enterprise Funds - these allow for a separate accounting and financial reporting mechanism for municipal services for which a fee is charged in exchange for goods or services. The Town has two enterprise funds: the Water and Sewer Enterprise Fund and the Golf Course Enterprise Fund. Both were established per the provisions of Ch. 44, Sec. 53F1/2.

B. Internal Service Funds - these are an accounting device used to accumulate and allocate costs internally among various functions. The Town uses internal service finds to account for health insurance activities, worker's compensation benefits, and municipal insurance.

3. FIDUCIARY FUNDS - these are used to account for assets held by the Town in a trustee capacity or as an agent for individuals, private organizations, and other governmental units. Fiduciary Funds include expendable trusts, non-expendable trusts, and agency funds.

A. Expendable Trusts - these are used to account for monies received by the Town in a trustee capacity where both the principal and earnings of the fund may be expended. Examples include the Town's Stabilization Fund, the BAA Trust Fund, and the Friends of Brookline Health.

B. Non-Expendable Trusts - these are used to account for trusts where the principal must remain intact. Generally, income earned on the non-expendable trust principal may be expended in accordance with the conditions of the trust. Examples include the Cemetery Perpetual Trust, the Ben Alper Tree Trust, and the Abbie Deanne School Trust.

C. Agency Funds - these are used to account for funds that are custodial in nature and do not involve the measurement of operations. An example is the private details fund.

FUND BALANCE

Fund balance is the difference between assets and liabilities in a governmental fund. It is a key measure of financial health that credit rating agencies carefully review as part of their evaluation of a government's continued creditworthiness. The table below and on the following pages show the Combined Summary of Revenues and Expenditures, on a budgetary basis, for the Town for fiscal years 2011-2014. It shows the beginning and year-end fund balances for the Town's funds.

SPECIAL REVENUE FUNDS

Outside of the General Fund, there exist particular revenues that are earmarked for and restricted to expenditure for specified purposes, including receipts reserved for appropriation, revolving funds, trust and agency funds, enterprise funds, special purpose funds, and grants. Generally referred to as Special Revenue Funds, these external funds augment the General Fund to support departmental operations. While some are one-time in nature (e.g., grants), others have annual inflows and outflows (e.g., parking meter receipts, cemetery lot sales). Below is a list of all Town special revenue funds, their FY15 year-end fund balance, fund balance as of January 1, 2016 and a brief description of each fund.

* NOTE: Under "Fund Type", "Revolving Fund (A)" does not, per state law, require appropriation. "Revolving Fund (B)" does require appropriation.
