Subject: Traffic at Independence Ave crosswalk

Ms Steinfeld

Your name keeps coming up as a person who is dealing with the ZBA and Hancock Village application. I am sending along photos of the Independence Ave crosswalk on an ordinary Tuesday morning when all lights were red. You can see the crossing guard in the background. The second photo shows cars 3 wide in an intersection kids use to go to school. It speaks for itself. We need a real traffic and safety study for this proposal.

Thank you

C. Kelly Emmett
