The Town of Brookline is planning for the next five years. How can we develop and preserve homes to meet the area's affordable housing needs? Visit [Brookline HPP Website](#) for more information about the Housing Production Plan. Meeting translation is available in Spanish, Russian, Mandarin, and Cantonese. Please email Daphne Politis at daphne@communitycircle.com if translation is needed. Save the date for the final community forum on April 6, 2022 at 7pm to discuss plan recommendations and benchmark options.
